

My name is Phil Leonell, WF6L I have been an Amateur Radio operator for 20 years. I am presently a teacher at Iowa Street School in Fallbrook, CA an Amateur Radio Relay League pilot school for its Amateur Radio & Technology Program in the public schools. As a teacher of Amateur Radio for grades 4-8, I am writing in support of the elimination of the Morse code requirement for licensing. I believe that the elimination will allow more of my students to obtain an Amateur Radio license. I also believe the code to be antiquated. Thank You.
